Introduction to community organising Community organising is the work of bringing people together to take action around their common concerns and overcome social injustice. Community organisers reach out and listen, connect and motivate people to build their collective power. We do not promote or teach a specific model of community organising.

Introduction. The World Health Organization (WHO) (2014) has reported that chronic conditions, or non-communicable diseases, currently cause a greater number of deaths than all other causes of death combined. Additionally, it estimates that deaths related to chronic conditions will rise from some 38 million deaths in 2012 to 52 million deaths by 2030 (WHO, 2014).
