Crime is now a global phenomenon, e.g. organized crime crosses national boundaries. People in Britain can be victims of crime committed a long way overseas. Or crime committed in the UK can be part of a network of international crime, e.g. cars stolen in UK and sold in Africa or elsewhere. This means there is more risk and its harder to control ...

Groupthink is a psychological phenomenon that occurs within a group of people in which the desire for harmony or conformity in the group results in an irrational or dysfunctional decision-making outcome. Cohesiveness, or the desire for cohesiveness, in a group may produce a tendency among its members to agree at all costs. This causes the group to minimize conflict and reach a consensus ...

Statistics indicate that men are more likely to commit crime than women. For example, in 2002 80% of known offenders (481,000+) were men. As there are a number of problems with the reliability and validity of statistics, an alternative to information are self-report studies. These are anonymous and some believe because they all but guarantee ...

A crime is defined as any act that is contrary to legal code or laws. There are many different types of crimes, from crimes against persons to victimless crimes and violent crimes to white collar crimes. The study of crime and deviance is a large subfield within sociology, with much attention paid to who commits which types of crimes and why.

The deviance about which Lemert spoke could consist of anything from a student speaking out of turn in class to the commission of a crime. The social reaction to such behavior could range from chastisement and stereotyping to imprisonment or other severely punitive action. Primary deviance receives no social reaction or mild, corrective reaction.

Strain Theory/Anomie Theory of Deviance. In 1938 Robert Merton expanded on Durkheim's idea that deviance is an inherent part of a functioning society by developing strain theory (also called the anomie theory of deviance), which notes that access to the means of achieving socially acceptable goals plays a part in determining whether a person conforms and accepts these goals or rebels and ...

~~Functionalism and Deviance | Introduction to Sociology~~

The motivations behind white-collar crime offenders can be sophisticated. Functionalist and strain theory assume people's inherent goodness; people are driven by social factors to crime and deviance. However this is not always true. The control theory balances this by providing an opposing perspective.

Rape is the fourth most common crime against women in India. According to the 2019 annual report of the National Crime Records Bureau (NCRB), 32033 rape cases were registered across the country, or an average of 88 cases daily, slightly lower than 2018 when 91 cases were registered daily. Of these, 30,165 rapes were committed by perpetrators known to the victim (94.2 % of cases), a high number ...

Green Crime is defined by Nigel South as 'crime against the environment'. It is linked to globalisation and the idea of transnational boundaries: regardless of the division of the nation states, the planet is one unified eco-system which is global rather than local. Therefore, Green Crime goes beyond political borders. Types of crime

Strain Theory: An Overview . American sociologist Robert K. Merton developed strain theory, a concept connected to both the functionalist perspective on deviance and Émile Durkheim's theory of anomie. Merton asserted that societies are composed of two core aspects: culture and social structure. Our values, beliefs, goals, and identities are developed in the cultural realm.

~~Strain Theory and "Deviance"~~

Deviance in sport has existed across time and space and throughout the world, and whether or not someone commits a deviant act depends upon the time and place and who does the judging. Determining what deviance is, in other words, is a social process. The behavior itself is not enough; there must also be a reaction to it.

Social control theory focuses on the sociological forces that can prevent people from participating in deviant behavior. Deviance can be defined as beliefs, values, and/or behaviors which are inconsistent with acceptable social norms and presents harmful consequences for the individual and/or the public (Hirschi, 1969, 1977).

~~Hirschi's Social Control Theory: A Sociological Perspective~~

Jock Young (2002) argues that we are now living in a late modern society characterised by instability, insecurity and exclusion, which make the problem of crime worse. He contrasts today's society (since the 1970s) with the period preceding it, arguing that the 1950s and 60s represented a golden age of modern capitalist society, a period..
