Kanban is a strategy for optimizing the flow of value through a process that uses a visual, pull-based system. There may be various ways to define value, including consideration of the needs of the customer, the end-user, the organization, and the environment, for example. Kanban comprises the following

Simply put, Kanban is a
strategy to optimize the
flow of value through a
process. It is impossible
to talk about Kanban
without talking about
flow. The fundamental
idea behind Kanban is
that one of the best ways
