The value of the information security management system (ISMS) Management Review is often underestimated. Some may look at it as a tick-box requirement that needs to take place purely to meet ISO 27001 requirement 9.3. However, to really 'live and breathe' good information security practices, its role is invaluable.

9.3 - Management Review | ISMS.online

MRM AGENDA As per ISO 14001 certification senior management team of the company should review the effectiveness of Environmental Management System and assess whether it is aligned with company's vital goals. These senior leadership meetings to assess Environmental Management System are called Management Review Meeting (MRM).
