The Four Asian Tigers (also known as the Four Asian Dragons or Four Little Dragons in Chinese and Korean) are the economies of South Korea, Taiwan, Singapore and Hong Kong. Between the early 1960s and 1990s, they underwent rapid industrialization and maintained exceptionally high growth rates of more than 7 percent a year.

Four Asian Tigers - Wikipedia

Japan and the four little dragons--Taiwan, South Korea, Hong Kong, and Singapore--constitute less than 1 percent of the world's land mass and less than 4 percent of the world's population. Yet in the last four decades they have become, with Europe and North America, one of the three great pillars of the modern industrial world order.

The Four Little Dragons - Ezra F. Vogel | Harvard ...

Originally published in 1993, 'The Four Little Dragons' is a brief overview of the political and economic policies responsible for the breathtaking speed with which four seemingly no-hopers (some more than others) caught up to, and in some cases surpassed, the developed West.

The Four Little Dragons: Spread of Industrialization in ...

Ezra Vogel's Four Little Dragons is a comparative primer that distills key narratives and lessons from four "Asian miracle" economies. Vogel skillfully narrates the rapid growth episodes of Hong Kong, Singapore, South Korea, and Taiwan in a slim volume.

The Four Little Dragons: The Spread of Industrialization ...

Japan and the four little dragons - Taiwan, South Korea, Hong Kong, and Singapore - constitute less than one percent of the world's land mass and less than four percent of the world's population. Yet since the 1950s they have become, with Europe and North America, one of the three great pillars of the modern industrial world order.

The Four Little Dragons: Spread of Industrialization in ...

This article surveys literature which attempts to explain the success of east Asia's four little dragons ? Korea, Taiwan, Hong Kong and Singapore. The approach is chronological, with the period 1960-88 divided into phases marked by shifts in economic thought.

The Four Little Dragons: The Spread of Industrialization ...

In The Four Little Dragons (1992), U.S. academic Ezra Vogel argued that the four little dragons--Taiwan, South Korea, Hong Kong, and Singapore--were the newly-industrialized economies, which had followed Japan's export-led growth model to prosperity. Unlike major advanced economies, which established their position in a century or two, the four dragons made their mark in just a few decades.

The Rise and Decline of Four Little Dragons - Qrius

The Four Asian Tigers, also referred to as the Four Asian Dragons, are often used to refer to the economies of South Korea, Taiwan, Singapore, and Hong Kong that underwent a steady growth between the 1960s to 1990s. The high growth rates that were in excess of 7% per annum were due to the rapid industrialization. History
