The Howard County Junior College District was created by a county-wide vote on November 17, 1945. Seven citizens of Howard County were elected on that same ballot to serve as a Board of Trustees. Howard College was first housed two miles west of downtown Big Spring in the hospital area of the former Air Force Bombardier School. The first session began on September 30, 1946.

The service catalog is a great way to organize the infrastructure tools you use to manage the software. This is how Backstage creates one developer portal for all your tools. Rather than asking teams to jump between different infrastructure UIs (and incurring additional cognitive overhead each time they make a context switch), most of these tools can be organized around the entities in the ...

Catalog management software is a tool for organizing product data in an electronic catalog, which is uploaded on e-commerce channels for the benefit of merchants and buyers. By automating the creation of product catalogs, the tool prevents inaccuracies and errors that usually occur when catalogs are created manually.
